Note: The International Training Management (ITM) web site was completely revised and updated as of 18 Oct 2001. Publications that were previously hosted on the Deskbook system have been moved to the ITM web site. There are no more publications on the Deskbook system. Publications that are published reliably on MILDEP/MILSVC web sites are linked to from the ITM site. Please do not have trouble accessing any international training publications. We will host them if that appears to be necessary. DISAM

17 January 2003 *******Attention ALL IMSOs******* Many IMSOs have not yet entered the detailed POC and Location Information for their training activity in the IMSO Web system. Consequently, that information is not available to our overseas SAO training managers. You only have to enter it one time, and then make any necessary changes as needed. After you go to the IMSO Web from the Main Training Menu, click on My Activity and then click on Activity Info. Enter POC information for your training activity and then scroll down to the detailed Location Information blocks and enter that information. You can Copy and Paste from other documents that you have.

16 January 2003 *******New Library Restrictions for All SAN Users******* Effective immediately, all items which you place in ANY SAN LIBRARY have a default expiration date of 30 days after upload unless you specifically overwrite the default value. All files currently in the libraries will expire on 12 February.

IMSO BULLETINS

- 2003 DON IMSO Conference: JAN 21-24, 2003 at the **Sawgrass Marriott Resort** in Jacksonville, FL. This workshop is designed for all USN, USMC, and USCG IMSOs and Assistant IMSOs. It is a valuable training opportunity for those tasked with providing support to international military students (IMS) receiving training at USN, USMC, and USCG commands and schools. The workshop is a forum to discuss concerns encountered in the management of International Military Students (IMS), share ideas and obtain information on the latest security assistance training policies and procedures.

The IMSO workshop is a working level meeting for command personnel most involved with the administration of IMS and the related Informational Program (IP). Complete details are provided in NETSAFA's announcement message which was assigned two different DTGs **NETSAFA 291532Z OCT 02** and **NETSAFA 291428Z OCT 02**. Also, see **NETSAFA web page** for more info and registration instructions.

- Internet Explorer 5.0 or higher is needed to properly use this site!

Sincerely,
The SAN Group

Subj: TWELVE MONTH PROJECTION REPORT OF INTERNATIONAL MILITARY STUDENT (IMS) TRAINING

The following report provides detailed information by training activity for IMS students scheduled for training within twelve months from the date of this report. If this report contains information for more than one activity, each activity's report is shown sequentially, sorted by the activity's location code. Each activity report is sorted by MASL, Start Date and Country/IA(Implementing Agency)/Case/WCN.

For each course in which an IMS student is scheduled to attend, the following is provided:

- Military Articles and Services List Number (MASL)
- Course Identification Number (CIN)
- Course Data Processing Code (CDP)
- Course Title or Description
- Security Classification of Course (See Note 1 below)

For each student scheduled into the course listed, the following is provided:

- Report Date
- Start Date
- End Date
- Quota Status - (Projected schedule, Tentative schedule, Quota Requested, Confirmed or Cancelled). (See Note 2 below.)
- Country / IA / Case / WCN - As shown on the student's Invitational Travel Order (ITO).
- SCN - The pseudo SSN, if known, used to identify the student while in the U.S.
- Country Manager - The P.O.C. at NETSAFA, HQ USMC or HQ USCG.

Note 1: IMSO must ensure disclosure authorization has been received prior to enrolling student in classified course.

Note 2: Until quotas are 'Confirmed', any dates shown are tentative and subject to change and/or cancellation without notice.
